

How to Access the Wholesale Dealer Portal

The website you will go to is: www.drivenwd.com

This will automatically take you to the login page of our website.

1. You will need to click the **Forgot Your Password** link, which is located to the right of the **LOGIN** button.

***PLEASE DO NOT CREATE AN ACCOUNT** even if you have never used our website. We have created an account for you already.

THOROUGHbred DIESEL

No I do not have an account

Please take a moment to become a registered customer so you can have access to the following:

- Quicker checkout process
- Your order history
- Store multiple shipping addresses
- Create a Wishlist

CONTINUE

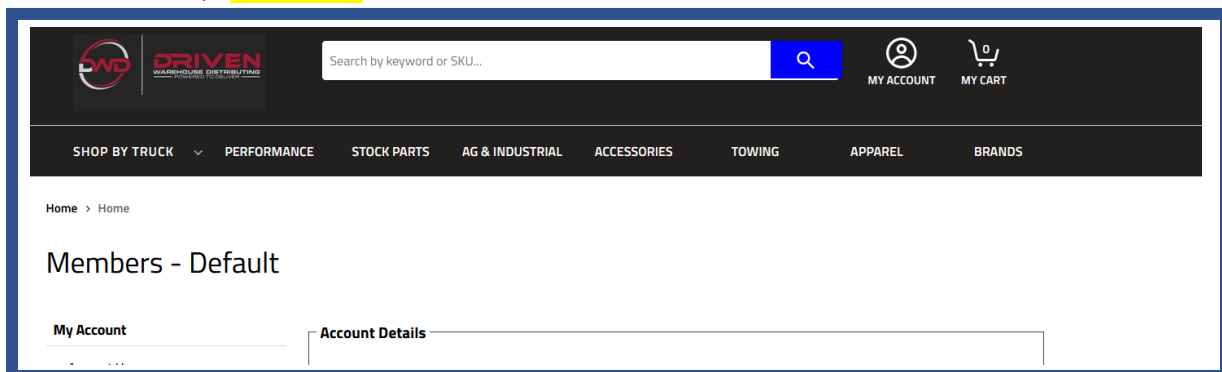

You will enter the **email address we have on file** (where your receipts/invoices/tracking are sent currently and the email this was sent to) and click **Retrieve Password**. **Please click the button instead of hitting enter.**

A temporary password will be sent to your email. Please check your junk/spam incase it ends up in one of those.

*If you have thoroughly checked your inboxes and haven't received that email within 30 minutes, please give us a call at **888-241-3977** and ask for **Sam**. She will be able to help you reset that password.

2. You will know if you have successfully logged in to your online account if the logo in the top left-hand corner now says **Driven WD** and looks like this:

If you are still seeing the Thoroughbred Diesel logo, please give us a call at **888-241-3977** and ask for **Sam**.

Once your password is reset you will need to edit your **Billing** and **Shipping** information on the **Account Details** page. You will need to enter your **First Name** and **Last Name** into the **Billing** and **Shipping** information.

- Install Sheet - PDF: [250-4202.pdf](#)

Starting at \$43/mo with **affirm**. Prequalify now

MAP Price: \$572.80 On Sale! \$473.99

Show Your Price

Inventory: 147

Material ARP 2000 Material - 220,000 psi tensile strength - 250-4202 (MOST POPULAR)

ARP 2000 Material - 220,000 psi tensile strength - 250-4202 (MOST POPULAR) ▾

WATCH PRODUCT VIDEO

-On any sku you will see **MAP Price** or **On Sale!** price. This is what a regular non wholesale customer would pay. This is also the advertised price on our retail website.

-Below the **MAP Price** or **On Sale!** price you will see a clickable link to **Show Your Price**. This will be what your actual cost is on the part.

The screenshot shows a product page for ARP Head Studs (ARP 2000 Material) - 250-4202. The product image features a blue 'ON SALE!' badge and a 'WATCH PRODUCT VIDEO' button. The pricing section displays the MAP Price as ~~\$572.80~~, the On Sale! price as \$473.99, and the Your Price as \$415.00. A 'Show Your Price' link is visible below the pricing. The inventory is listed as 147. The page also includes a 'WATCH PRODUCT VIDEO' button and a 'Material ARP 2000 Material - 220,000 psi tensile strength - 250-4202 (MOST POPULAR)' note.

-Additionally, you will notice an inventory listed (**Inventory: 147**). This indicates the stock that we currently have in our Winchester KY warehouse. If there is no inventory in that warehouse, we will not display anything in this field.

-For example, we don't stock Unlimited Diesel Performance injectors. You will not see any inventory listed for this part because it is not in stock in our Winchester warehouse. This does not mean that they aren't in stock to dropship from Unlimited.

MAP Price: \$1,975.00

A couple other things to note:

1. You will be required to enter your **first and last name** (or your customer's name) in the billing and shipping info tabs at checkout.
2. Very soon you will be required to enter an internal **PO** number/name in the billing info tab. This will allow us to easily identify which order you are referencing at any step of the order/shipment/return/core process.
3. If for any reason you feel your pricing is NOT correct on a part, please do not place the order online. Give us a call at 888-241-3977 and we can check into it for you. If the order is placed online and the total is not correct due to pricing issues or tax exemption, we will not be able to process a refund for those situations.
