

# INSTALL INSTRUCTIONS FOR 82-1007

## BEFORE YOU START

Thank you for purchasing your new S&B Filters Map Spacer. If at any time you need additional assistance with installation or have any other questions or comments, feel free to call our customer support team at **909-947-0015**.

## REQUIRED TOOLS

- 5mm Allen Wrench/Bit
- 10mm Socket with Ratchet
- Blue Loctite
- Torque Wrench (inch pounds)

**Approx. Install Time:** 15 min

mount the stock MAP  
sensor onto the S&B MAP  
Sensor spacer. Then tighten  
down the stock 10mm bolt

holding the MAP Sensor to the spacer.

#### **STEP 4:**

Take the provided 5mm Allen Bolt and use this to secure the S&B Map Sensor to the manifold.

Once done, go ahead and torque both the allen and hex head bolts to 60in. lbs.

#### **STEP 5:**

Next, go ahead and plug in the MAP Sensor to the OEM

wire harness using the included extension harness within this kit.

## **STEP 5:**

The installation is now complete.

Please verify that all connection points are tight and secure.
